

USP Residential College

University Scholars Programme (USP)

Located in NUS University Town, USP is a multidisciplinary, partially residential, **academic programme**. At USP, you will belong to a diverse community that is curious, critical, courageous and engaged.

Each year, around 200 incoming NUS students are admitted to USP. All USP students fulfill two years of residential living in the USP residential college - Cinnamon College, in their first year and a second year of their choice.

Here, USP students develop a sense of belonging through living and learning together, making full use of the facilities and resources. They have the freedom and flexibility to create their own spaces and build their own unique experiences.
